Q: Read the paragraph carefully and answer the following questions:-

Tamil Nadu is one of the 28 states of India. Its capital and largest city is Chennai. Tamil Nadu lies in the southernmost part of the Indian subcontinent and is bordered by the union territory of Puducherry and the South Indian states of Kerala, Karnataka, and Andhra Pradesh. It is bounded by the Eastern Ghats on the north, by the Nilgiri Mountains, the Meghamalai Hills, and Kerala on the west, by the Bay of Bengal in the east, by the Gulf of Mannar and the Palk Strait on the southeast, and by the Indian Ocean on the south. The state shares a maritime border with the nation of Sri Lanka. Tamil Nadu is the tenth largest Indian state by area and the sixth largest by population. Its official language is Tamil, which is one of the longest-surviving classical languages in the world.

1. Name the tenth largest Indian state by area?
2. What is the capital of Tamil Nadu?
3. With which country the state shares a maritime border?
4. What is the official language of Tamil Nadu?
5. Write the opposites of the words smallest and longest from the above passage.

Q: Read the paragraph carefully and answer the following questions:-

Name of the state animal of Tamil Nadu is Nilgiri tahr. They prefer grass-woodlands, open mountain grasslands, and mountain slopes. Nilgiri tahr is found in Western Ghats, Kerala and Tamil Nadu in southern India. Nilgiri tahr is a social animal. Their legs are strong and dark grayish brown in color, the inner parts of legs are paler or dirty white in color. Females have two nipples. Females and immature males are an overall yellowish-brown to grey with the underparts being paler. Males are larger than females and of darker color when mature. The face of female is the same color as the body and has no distinctive markings. In mature males, the face is nearly black and strikingly marked. Eyes of Nilgiri tahr is brownish black in color, a fawn-colored ring encircles the eye, with a similarly-colored patch behind each eye. The age of sexual maturity is between 24 to 36 months. During courtship, males will wet themselves in their own urine and even decorate their horns with mud and grasses. Females usually give birth to a single young. Their gestation period is between 6 to 7 months. For the first few weeks of life the infant lies hidden while the mother forages, but by two months of age the kid follows its mother.

1. Which is the state animal of Tamilnadu?
2. Where is Nilgiri tahr found?
3. Describe the legs of the Nilgiri tahr?
4. How are the eyes of Nilgiri tahr?
5. What is their gestation period?
6. Write the antonym of the words lost and outer from the above passage.

Q: Read the paragraph carefully and answer the following questions:-

Anaimalai Tiger Reserve, earlier known as Indira Gandhi Wildlife Sanctuary and National Park (IGWLS&NP). Anaimalai Wildlife Sanctuary, is a protected area located in the Anaimalai Hills of Pollachi and Valparai taluks of Coimbatore District and Udumalaipettai taluk in Tiruppur District, Tamil Nadu, India. According to the National Tiger Conservation Authority, the Reserve presently includes an area of 958.59 km². The park is named after former Prime Minister of India Indira Gandhi who visited the park on 7 October 1961. The main tourist facilities are located in the northeast corner of the park at "Topslip", so named because of the local 19th century practice of sliding timber logs down the hills from here. Animals of least concern here include: golden jackal, leopard cat, jungle cat, spotted deer, barking deer, mouse deer, wild boar, common langur, bonnet macaque, Asian palm civet, small Indian civet, Indian gray mongoose, striped-necked mongoose, ruddy mongoose, grey slender loris, Indian giant squirrel, Indian crested porcupine, Indian pangolin, Indian porcupine and three-striped palm squirrel. Over 250 species of birds have been identified in the park. It is home to 15 of 16 species of birds endemic to the Western Ghats.

1. What is Anaimalai Tiger Reserve earlier known as?
2. Where does Anaimalai Wildlife Sanctuary located?
3. After which former prime minister of India the park was named?
4. How many species of birds have been identified in the park?
5. Where are the main tourist facilities are located?
6. Find the synonym of the words secured and big from the above passage.
